Subject: Do not support apartments in monument

Hi - I wanted to quickly share that I do not support the apartment complex looking for rezoning approvals near PRHS. I have serious concerns about the traffic infrastructure and water. I lived in Oregon prior to Colorado and there were towns that just became completely bogged down with traffic and I've seen a significant increase in just trying to move throughout the town and feel we aren't growing sustainably. Additionally I feel water is a concerning element as well.

Regards,
Melissa Olsen
