Proposed Grandview Project Area

Preliminary Haul Route
Haul anticipated in both directions

Notes:

The proposed preliminary haul routes are for legal loads only. Any oversized or overweight loads will require a specific permit.

As projects are contracted out, different haul routes may be proposed by the applicant to EPC.

These preliminary haul routes are for construction of infrastructure covered by the 1041 permit only.

Staff recommends not using these roads or indicate them to be second options.

These roads shouldn't be haul routes
