MOUNTING

- 3M® VHB, or very high bond tapes secure interior signs to a variety of surfaces.
- Added to the back or perimeter of a sign, silicone adhesive makes installation permanent.
- Sign Stand Offs protrude signs from wall adding a decorative touch to both fastener and sign.
- Stainless Steel Tamper Proof Screws enhance theft protection.
- Studs are inserted directly into elements for a flush mounted appearance without visible hardware.
- Spacers are added to protrude elements from the wall creating a floating effect.
- Elements are mechanically mounted to a rail system which reduces penetrations into walls.

FEATURES

- These signs are ADA compliant (Grade II Braille, raised text/symbols, visually contrasting non-glare finish).
- Decorative accent bars are featured on these signs.
- Recycled products and Greenguard™ approved materials make these signs eco-friendly.
- Printed inserts are compatible with these signs.
