

July 31, 2018

Kari Parsons
Project Manager
El Paso County Dev Services Department
2880 International Circle
Colorado Springs, CO 80910-6107

Dear Ms. Parsons:

Mountain View Electric Association, Inc. (MVEA) has these comments about the following:

Project Name: Sterling Ranch 1041 Amendment

Project Number: AASI 183

Description: Sterling Ranch Metro District is requesting approval to change the design course of the water/sewage treatment system between the lift station located in Section 04, Township 13 South, Range 65 West to the existing sanitary sewer main on Meridian Road in Section 01, Township 13 South, Range 65 West.

This parcel is within MVEA certificated service area. MVEA will serve this parcel, including service for construction power, according to our extension policy. Connection requirements may include provisions for necessary line extensions and or other system improvements, and payment of all fees under MVEA line extension policy. Information concerning these requirements can be obtained by contacting the Engineering Department of MVEA.

MVEA has no objection to the change in route with the understating that MVEA has existing facilities along either route for this wastewater line. If there is any removal or relocation of facilities it will be at the expense of the applicant.

If additional information is required, please contact our office at (719) 495-2283.

Sincerely,

Cathy Hansen-Lee
Engineering Administrative Assistant
