We do not have a cistern. Our pumping point, creating the pressure is 3500 feet East of the branch off point where water diverts to AA. It's the water tank in Mayberry that has the Ellicott Hawks logo on it

Hey Brandon,

Thank you for your help, do you have a map locating the cistern?

Thank you,
Mark Gutierrez

Hey Brandon,

Thank you for sending this information. Let me know if you get the numbers back for the water to the cistern. I will call these two today to see if I can get an update on their end.
