---

Good morning.

I am opposed to the proposed mosque (7610 Maverick Rd) in El Paso County. Our nation was founded on principles of freedom. While there are many kind Muslim people, that is irrelevant due to the fact that there is a large and growing number of Muslim extremists that are taking over our country, neighborhood by neighborhood. If you know the history of Iran, you will see that their people used to be free, women were free and their society was a modern society. Since the extremists have taken over, Iran has become a country of enslavement, especially for women. Just this year, as their people have been protesting the extremist government, nearly 50,000 people have been murdered. This is a religion that insights violence and does not align with our countries' values. While I believe the feminist movement has gone too far, we value freedom for women. We will love and care about the people around us, but this mosque will invite more and more people of this religion, and their goal is take over and invoke sharia law. Please vote to turn down this mosque.

Sincerely,

Jaimie Wolverton
