To the planning commission,

I would like to communicate my opposition to the proposed mosque in Colorado Springs. It is common knowledge that mosques are not only used for prayer and worship but are centers to develop Islamic thought and activism. Please do not allow this mosque to be built as it is one more step to losing our western civilization. Western civilization has prospered more people over the centuries while Islamic sharia law has not.

Please help preserve our country and our civilization and do not allow this step to dismantle it to occur.

Thank you for your consideration,
Cindy Schaefer
