Muddy Little Cowboys, PPR-21-15

Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- **A record of an approved, permitted on-site wastewater treatment system (OWTS) for this property indicates an OWTS was installed and approved in 2018 for a 3-bedroom house. The OWTS component locations are on file at El Paso County Public Health under Tax Schedule Number (TSN) 4132004024. The soil treatment area must be protected from any source of compaction. It's best to identify the area to prevent accidental compaction.**
- **Portable toilets are proposed for use by those who attend the proposed events. Portables are acceptable because they are for temporary use only. Portables must have a service contract from a licensed service company. El Paso County Public Health recommends portable handsinks be provided in addition to hand-sanitizer.**
- **Petting zoo animal waste must be managed properly to prevent the attraction of insects and to minimize odors.**
