The applicant proposes subdividing the existing 42.219-acre parcel into four lots, each of at least 10 acres, intended for future residential home sites. An existing rural gravel roadway, generally 18 feet wide, currently crosses the property and serves two existing homes located to the north and east of the project site. This roadway will also provide shared access to the proposed four lots. An existing recorded access and maintenance easement is in place for the roadway. The applicant is requesting a variance to maintain the gravel roadway as a private road. Each lot will be served by its own on-site well and septic system, while electric and gas service mains are already in place along the existing roadway.
