## EL PASO COUNTY PLANNING AND COMMUNITY DEVELOPMENT DEPARTMENT

### SIGN PLAN CHECKLIST

Revised: January 2022

Sign Plan		
<p>The purpose of the sign plan is to promote the public health, safety and general welfare through reasonable, consistent and non-discriminatory sign standards. The sign regulations are not intended to censor speech or to regulate viewpoints, but instead are intended to regulate the adverse secondary effects of signs. The sign regulations are especially intended to address the secondary effects that may adversely impact aesthetics, traffic, and pedestrian safety. The sign regulations are designed to serve substantial governmental interests and, in some cases, compelling governmental interests such as traffic safety and warning signs of threats to bodily injury or death.</p>		
<p>The PCD Director may modify the applicable requirements, including requiring additional items or removing items, based upon the project and site-specific circumstances.</p>
