

**PRIVATE GROUNDWATER INFILTRATION FACILITY
MAINTENANCE AGREEMENT AND EASEMENT**

This PRIVATE GROUNDWATER INFILTRATION FACILITY MAINTENANCE AGREEMENT AND EASEMENT (Agreement) is made by and between Upper Black Squirrel Creek Groundwater Management District, ACM ALF VIII JV Sub II LLC (Developer), and Waterbury Metropolitan District No. 1 (Metro District), a quasi-municipal corporation and political subdivision of the State of Colorado. The above may occasionally be referred to herein singularly as “Party” and collectively as “Parties.”

Recitals

A. WHEREAS, the Metro District provides various municipal services to certain real property in El Paso County, Colorado referred to as Waterbury Filing 1; and

B. WHEREAS, Developer is the owner of certain real estate (the Subject Property) in El Paso County, Colorado, which Property is legally described in Exhibit A attached hereto and incorporated herein by this reference; and

C. WHEREAS, Developer desires to plat and develop on the Subject Property a Subdivision to be known as Waterbury Filing No. 1 (the Development); and

D. WHEREAS, the development of the Subject Property will collect Groundwater from the Property; therefore, it is in the best interest of the public health, safety and welfare for the Upper Black Squirrel Creek Groundwater Management District to condition approval of this Development on Developer’s promise to construct adequate Groundwater infiltration facilities for the Development; and

E. WHEREAS, the Upper Black Squirrel Creek Groundwater Management District, requires the construction and maintenance of Groundwater Infiltration Facilities adequate to maintain recharge any captured groundwater back into the ground in the Upper Black Squirrel Creek Groundwater Management District, to restrict any captured groundwater from being discharged downstream, and further requires that developers enter into maintenance agreements and easements with the Upper Black Squirrel Creek Groundwater Management District for such Groundwater Infiltration Facilities; and

F. WHEREAS, Developer desires to construct and preserve the Groundwater Infiltration Facilities on property as set forth on Exhibit B attached hereto and incorporated herein by this reference (the Groundwater Infiltration Facilities Area); and

G. WHEREAS, Developer shall be charged with the duty of constructing and preserving the Groundwater Infiltration Facilities and, upon completion of the construction and transfer of property to the Metro District, the Metro District shall be charged with the duties of operating, maintaining and repairing the Groundwater Infiltration Facilities and any appurtenant improvements on the property described in Exhibit B; and

H. WHEREAS, the Upper Black Squirrel Creek Groundwater Management District, in order to protect the public health, safety and welfare, desires the means to access, construct, maintain, and repair the Groundwater Infiltration Facilities and to recover its costs incurred in connection therewith in the event the Developer or District fails to meet their obligations to do the same; and

I. WHEREAS, the Upper Black Squirrel Creek Groundwater Management District conditions approval of this Development on the Developer's promise to construct and preserve the Groundwater Infiltration Facilities as applicable, and further conditions approval on the Metro District's promise to clean, maintain and repair the Groundwater Facilities, and on the Metro District's promise to reimburse the Upper Black Squirrel Creek Groundwater Management District in the event the burden falls upon the Upper Black Squirrel Creek Groundwater Management District to construct, clean, maintain or repair the Groundwater Infiltration Facilities serving this Development; and

J. WHEREAS, the Upper Black Squirrel Creek Groundwater Management District, in order to secure performance of the promises contained herein, conditions approval of this Development upon Developer's grant herein of a perpetual Easement over the Groundwater Infiltration Facilities Area as described in Exhibit B for the purpose of allowing the Metro District access to construct, upgrade, clean, maintain and/or repair the Groundwater Infiltration Facilities, and allowing the Upper Black Squirrel Creek Groundwater Management District to periodically access and inspect the Groundwater Infiltration Facilities and, when necessary, to construct, clean, maintain or repair the Groundwater Facilities; and

K. WHEREAS, Pursuant to Colorado Constitution, Article XIV, Section 18(2) and Section 29-1-203, Colorado Revised Statutes, governmental entities may cooperate and contract with each other to provide any function, services, or facilities lawfully authorized to each.

Agreement

NOW, THEREFORE, in consideration of the mutual Promises contained herein, the sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Incorporation of Recitals: The Parties incorporate the Recitals above into this Agreement.

2. Covenants Running with the Land: Developer agrees that this entire Agreement and the performance thereof shall become a covenant running with the land, which land is legally described in Exhibit A attached hereto, and that this entire Agreement and the performance thereof shall be binding upon itself and its successors and assigns.

3. Construction: Developer shall construct the following Groundwater Infiltration Facilities on the Groundwater Infiltration Facilities Area described in Exhibit B: channel grading and culverts and appurtenant improvements in accordance with construction drawings titled "Waterbury Filing No. 1 Construction Set", dated _____ 2026. Developer shall not commence

construction of the Groundwater Infiltration Facilities until the County has approved in writing the plans and specifications for the Groundwater Infiltration Facilities and this Agreement has been signed by all Parties and returned to the Planning and Community Development Department. Developer shall complete construction of the Groundwater Infiltration Facilities in substantial compliance with the County-approved plans and specifications for the Groundwater Infiltration Facilities and shall provide certification from a Colorado registered Professional Engineer that the Groundwater Infiltration Facilities were constructed in compliance with and provide the volume and capacity required by such plans and specifications in accordance with ECM requirements. Failure to meet these requirements shall be a material breach of this Agreement and shall entitle the County to pursue any remedies available to it at law or in equity to enforce the same. Construction of the Groundwater Infiltration Facilities shall be substantially completed within one (1) year (defined as 365 days), which one-year period will commence to run on the date the Erosion and Groundwater Quality Control Permit (ESQCP) and associated Construction Permit are issued.

In the event construction of the Groundwater Infiltration Facilities is not substantially completed within the one (1) year period, or if the Development is in violation of its ESQCP terms and conditions and Developer has not made an effort to remedy the violation in a reasonable amount of time as determined by the Upper Black Squirrel Creek Groundwater Management District, then the Upper Black Squirrel Creek Groundwater Management District may exercise its discretion to complete the Groundwater Infiltration Facilities and shall have the right to seek reimbursement from the Developer and its respective successors and assigns for its actual costs and expenses incurred in the process of completing construction.

4. Maintenance of Groundwater Infiltration Facilities: The Developer and the Metro District agree for themselves and their respective successors and assigns that they will regularly and routinely inspect, clean and maintain the Groundwater Infiltration Facilities and properly manage the grasses, and other vegetation in the Groundwater Facility Area in compliance with the “Routine Maintenance Activities” specified in Exhibit C, attached hereto and incorporated herein by this reference, and otherwise keep the same in good repair, all at their own cost and expense. No trees or shrubs that will impair the structural integrity of the Groundwater Infiltration Facilities shall be planted or allowed to grow within or adjacent to the Groundwater Facilities.

5. Creation of Easements: Developer hereby grants the Upper Black Squirrel Creek Groundwater Management District and the Metro District a non-exclusive perpetual easement upon and across the property described in Exhibit B. The purpose of the easement is to allow the Upper Black Squirrel Creek Groundwater Management District and the Metro District to access, inspect, clean, repair and maintain the Groundwater Infiltration Facilities and to allow the Metro District to access and maintain; however, the creation of the easement does not expressly or implicitly impose on the Upper Black Squirrel Creek Groundwater Management District a duty to so inspect, clean, repair or maintain the Groundwater Infiltration Facilities or any appurtenant improvements.

6. Upper Black Squirrel Creek Groundwater Management District’s Rights and Obligations: Any time the Upper Black Squirrel Creek Groundwater Management District determines, in the sole exercise of its discretion, that the Groundwater Infiltration Facilities have

not been properly cleaned, maintained, or otherwise kept in good repair, the Upper Black Squirrel Creek Groundwater Management District shall give reasonable notice of such to the responsible Party and its successors and assigns. The notice shall provide a reasonable time to correct the problems. Should the responsible Parties fail to correct the specified problems, the Upper Black Squirrel Creek Groundwater Management District may enter upon the properties described in Exhibit B to perform the needed work and shall have the right to seek reimbursement from the responsible Parties for its actual costs and expenses in performing the work. Notice shall be effective to the above by the Upper Black Squirrel Creek Groundwater Management District's deposit of the same into the regular United States mail, postage pre-paid. Notwithstanding the foregoing, this Agreement does not expressly or implicitly impose on the Upper Black Squirrel Creek Groundwater Management District a duty to inspect, construct, clean, repair or maintain the Groundwater Facilities.

7. Actual Costs and Expenses: The Developer and the Metro District agree and covenant, for themselves and their successors and assigns, that they will reimburse the Upper Black Squirrel Creek Groundwater Management District for its actual costs and expenses incurred in the process of completing construction of, cleaning, maintaining, or repairing the Groundwater Infiltration Facilities.

The term "actual costs and expenses" as used in this Agreement shall be liberally construed in favor of the Upper Black Squirrel Creek Groundwater Management District, and shall include, but shall not be limited to, labor costs, tools and equipment costs, supply costs, engineering and design costs, and costs to contract with specialized professionals or consultants, regardless of whether the Upper Black Squirrel Creek Groundwater Management District uses its own personnel, tools, equipment and supplies, etc. to perform the work. In the event the Upper Black Squirrel Creek Groundwater Management District initiates any litigation or engages the services of legal counsel in order to enforce the provisions arising herein, the Upper Black Squirrel Creek Groundwater Management District shall be entitled to its damages and costs, including reasonable attorney's fees, regardless of whether the Upper Black Squirrel Creek Groundwater Management District contracts with outside legal counsel or utilizes in-house legal counsel for the same.

8. Contingencies of Land Use/Land Disturbance Approval: Developer's and the Metro District's execution of this Agreement is a condition of subdivision, land use, or land disturbance approval. Additional conditions of this Agreement include, but are not limited to, the following:

- a. Conveyance of all applicable tracts identified on the Waterbury Filing No. 1 Final Plat from Developer to the Metro District (which will include a reservation of easement in favor of the Upper Black Squirrel Creek Groundwater Management District for purposes of accessing, inspecting, cleaning, maintaining, and repairing the Groundwater Facilities), and recording of the Deed for the same; and
- b. A copy of the Covenants of the Subdivision, if applicable, establishing that the Metro District is obligated to inspect, clean, maintain, and repair the Groundwater Facilities.

The Upper Black Squirrel Creek Groundwater Management District shall have the right, in the sole exercise of its discretion, to approve or disapprove any documentation submitted to it under the conditions of this Paragraph, including but not limited to, any separate agreement or amendment, if applicable, identifying any specific maintenance responsibilities not addressed herein. The Upper Black Squirrel Creek Groundwater Management District's rejection of any documentation submitted hereunder shall mean that the appropriate condition of this Agreement has not been fulfilled.

9. Indemnification and Hold Harmless: Developer and the Metro District agree, for themselves, their successors and assigns, that they will, to the extent permitted by law indemnify, defend, and hold the Upper Black Squirrel Creek Groundwater Management District harmless from any and all loss, costs, damage, injury, liability, claim, lien, demand, action and causes of action whatsoever, whether at law or in equity, arising from or related to their intentional or negligent acts, errors or omissions or that of their agents, officers, servants, employees, invitees and licensees in the construction, operation, inspection, cleaning (including analyzing and disposing of any solid or hazardous wastes as defined by State and/or Federal environmental laws and regulations), maintenance, and repair of the Groundwater Infiltration Facilities and such obligation arising under this Paragraph shall be joint and several. Nothing in this Paragraph shall be deemed to waive or otherwise limit the defense available to the Upper Black Squirrel Creek Groundwater Management District or the Metro District pursuant to the Colorado Governmental Immunity Act, Sections 24-10-101, *et seq.* C.R.S., or as otherwise provided by law.

10. Subject to Annual Appropriation: The Metro District does not intend hereby to create a multiple-fiscal year direct or indirect debt or other financial obligation whatsoever. The performance of those obligations of the Metro District pursuant to this Agreement requiring budgeting and appropriation of funds are subject to annual budgeting and appropriations. The Upper Black Squirrel Creek Groundwater Management District and the Developer expressly understands and agrees that the Metro District's obligations under this Agreement shall extend only to monies appropriated for the purposes of this Agreement by the Metro District Board and shall not constitute a mandatory charge, requirement or liability in any ensuing fiscal year beyond the then-current fiscal year. No provision of this Agreement shall be construed or interpreted as a delegation of governmental powers by the Metro District, or as creating a multiple-fiscal year direct or indirect debt or other financial obligation whatsoever of the Metro District or statutory debt limitation, including, without limitation, Article X, Section 20 or Article XI, Section 6 of the Constitution of the State of Colorado. No provision of this Agreement shall be construed to pledge or to create a lien on any class or source of Metro District funds. The Metro District's obligations under this Agreement exist subject to annual budgeting and appropriations and shall remain subject to the same for the entire term of this Agreement.

11. Severability: In the event any Court of competent jurisdiction declares any part of this Agreement to be unenforceable, such declaration shall not affect the enforceability of the remaining parts of this Agreement.

12. Third Parties: This Agreement does not and shall not be deemed to confer upon or grant to any third party any right to claim damages or to bring any lawsuit, action or other

proceeding against the Upper Black Squirrel Creek Groundwater Management District, the Developer, the Metro District, or their respective successors and assigns, because of any breach hereof or because of any terms, covenants, agreements or conditions contained herein.

13. Solid Waste or Hazardous Materials: Should any refuse from the Groundwater Infiltration Facilities be suspected or identified as solid waste or petroleum products, hazardous substances or hazardous materials (collectively referred to herein as “hazardous materials”), the Developer and the Metro District shall take all necessary and proper steps to characterize the solid waste or hazardous materials and properly dispose of it in accordance with applicable State and/or Federal environmental laws and regulations, including, but not limited to, the following: Solid Wastes Disposal Sites and Facilities Acts, §§ 30-20-100.5 – 30-20-119, C.R.S., Colorado Regulations Pertaining to Solid Waste Disposal Sites and Facilities, 6 C.C.R. 1007-2, *et seq.*, Solid Waste Disposal Act, 42 U.S.C. §§ 6901-6992k, and Federal Solid Waste Regulations 40 CFR Ch. I. The Upper Black Squirrel Creek Groundwater Management District shall not be responsible or liable for identifying, characterizing, cleaning up, or disposing of such solid waste or hazardous materials. Notwithstanding the previous sentence, should any refuse cleaned up and disposed of by the Upper Black Squirrel Creek Groundwater Management District be determined to be solid waste or hazardous materials, the Developer and the Metro District, but not the Upper Black Squirrel Creek Groundwater Management District, shall be responsible and liable as the owner, generator, and/or transporter of said solid waste or hazardous materials.

14. Applicable Law and Venue: The laws, rules, and regulations of the State of Colorado and Upper Black Squirrel Creek Groundwater Management District shall be applicable in the enforcement, interpretation, and execution of this Agreement, except that Federal law may be applicable regarding solid waste or hazardous materials. Venue shall be in the El Paso County District Court.

15. Limitation on Developer’s Obligation and Liability: The obligation and liability of the Developer hereunder shall only continue until such time as the Final Plat as described in the third paragraph (Paragraph C) of the Recitals set forth above is recorded (if applicable) and the Developer completes the construction of the Groundwater Infiltration Facilities and transfers all applicable maintenance and operation responsibilities to the Metro District. By execution of this agreement, the Metro District agrees to accept all responsibilities and to perform all duties assigned to it, including those of the Developer, as specified herein, upon transfer of maintenance responsibilities for the Groundwater Infiltration Facilities from Developer to the Metro District.
