Re: Table Rock Homesteads (ASB2620)
Concrete Improvements Statement
M.V.E. Project No. 61223

Dear Mr. Walters:

There are no public improvements on this site constructed of cast-in-place concrete. No cast-in-place concrete were specified in the approved Construction Drawings and none were included in the Financial Assurance Form. Therefore, concrete testing results are not required for the Table Rock Homesteads project. Precast reinforced concrete pipe manufactured in accordance with El Paso County standard specifications was utilized for the public drainage culverts and flared end sections. These were installed in accordance the approved construction drawings.

David R. Gorman, P.E. Colorado No. 31672
For and on Behalf of M.V.E., Inc.
