Please accept the following comments from El Paso County Public Health for the special use request referenced above:

- **Water is provided by Red Rock Valley Water District. Wastewater service is provided by an existing, permitted and approved onsite wastewater treatment system (OWTS). The OWTS was installed in 1972 for a 4-bedroom house. The soil treatment area (STA) is located north of the east side of the house and per the drawing is not an issue with the current shop area.**
- **The owner must comply with all federal, state, and local regulations regarding the proper storage and disposal/recycling of batteries, or any automotive fluid generated as part of the operation.**
