Re: Coordination with The Ascent Church Regarding Trail and Landscaping Design Along Woodmoor Drive

To Whom It May Concern,

Lewis-Palmer School District 38 appreciates the opportunity to collaborate with El Paso County and The Ascent Church on improvements planned along Woodmoor Drive. We understand that The Ascent Church has submitted a Site Development Plan for its new Worship Center and that the County has requested confirmation of the District's willingness to coordinate on the design of the proposed public trail adjacent to the church property.

This letter affirms that District 38 is willing to work collaboratively with The Ascent Church and El Paso County to ensure that the trail design, associated right-of-way needs, and adjacent landscaping are planned in a manner that is safe, functional, and mutually beneficial for all parties. As the trail alignment may interface with areas used by students and families, the District supports exploring design options that enhance safety — including potential routing along the eastern edge of the church parking lot rather than directly along Woodmoor Drive.

We look forward to continued communication as the project advances and will coordinate with The Ascent Church at the appropriate stages of design to ensure that the final layout supports both community access and student safety.

Thank you for your partnership in supporting thoughtful development within our community.

Sincerely,

A handwritten signature in green ink that reads "Melissa Andrews".

Melissa Andrews

Director of Planning, Facilities and Grounds

Lewis-Palmer School District 38
