Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- There is a finding for sufficiency in terms of water quality for drinking water obtained from Woodmoor Water and Sanitation District, which is a Colorado Department of Public Health and Environment, Water Quality Control Division, regulated central water supply. The water system is assigned the PWSID# CO-0121950 from the Colorado Department of Public Health and Environment. A Letter of Commitment to serve water dated 26Sep2022, has been submitted for this project.
- There is sufficient wastewater treatment capacity at the Woodmoor Water and Sanitation District wastewater treatment facility to treat the projected wastewater flow for this proposed project. A Letter of Commitment to serve wastewater dated 26Sep2022, has been submitted for this project.
- Radon resistant construction building techniques/practices are encouraged to be used in this area. The EPA has determined that Colorado, and the El Paso County area have potentially higher radon levels than other areas of the country.
- Earthmoving activity in excess of one acre, but less than twenty-five acres, requires a local Construction Activity Permit from El Paso County Public Health. Go to <https://www.elpasocountyhealth.org/service/air-quality/construction-activity-application> for more information.
