Muster Kennel, AL-19-004

Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- A record of an approved, permitted on-site wastewater treatment system (OWTS) for this property indicates the OWTS was installed and approved for a 3-bedroom residence in 1994. The OWTS component locations are on file at El Paso County Public Health and accessible through the El Paso County Assessor's Office website property search page. Please make sure that components of the OWTS are protected from vehicular traffic and other means of compaction.
- Please reserve a secondary site on the property for the possibility of a repair, addition, or replacement of the existing OWTS soil treatment area.
- El Paso County Public Health recommends storing animal food in impervious containers with tight fitting lids in an effort to minimize rodent and insect attraction.
- Animal waste should be managed properly to help control nuisance odors, minimize flies/insects.
