Gayla,

Thank you so much. I really appreciate that. I will contact Nina to see what she thinks the timeline will look like as she is filing the variance on my behalf.

Best regards,

Good morning Daniel,

I can put a hold on the Code Enforcement action until you are able to get through the variance process. Please keep me updated on the progress as well as the date the hearing is scheduled .

Thank you !

Good afternoon,

I was given your contact information by Craig Dossey and Lisa Ruiz, whom I work with. My neighbors across the street made a complaint against us because we refuse to sell them our land and now, they hate my wife and I (These are old money people, very revolting). Soon after, I received a notice of violation for my carport being too close to the road and maybe too big. I would like to extend my time of 14 calendar days so I can submit a variance request. Craig and Lisa will be helping me with the paperwork submittal as I am a disabled veteran who needs this carport to ensure I am not injured getting in and out of my vehicle while also being protected from the elements. Please let me know if I should send documents now or with the variance request.

Best regards,
