Please accept the following updated comments from El Paso County Public Health (EPCPH) regarding the rezone project referenced above:

- **No immediate public health issues noted with the rezone request.**
- **Water will be provided by individual private wells.**
- **Wastewater services will be provided by onsite wastewater treatment systems (OWTS). El Paso County Public Health records show the existing house has an OWTS located off the south end of the structure. Make sure the entire existing OWTS is located on the same lot as the structure it serves.**
