Dish Wireless site – DNDEN00250B
10 E Clover Cir
TSN 6505104061
Zoning: RS-6000
PCD File No. TWR-21-005
Property owner:
Stratmoor Hills Water & Sanitation Districts
c/o Kevin W. Niles, District Manager
Cell: 719.210.5295

Dish is seeking approval for a proposed co-location onto an existing 140'-0" Stratmoor Hills Water Tower. All antennas and associated equipment will be mounted at 90' and to match the existing water tower.

Scope of work includes –

- (3) New 6' H antennas
- (6) New RRHs
- (1) New OVP
- (1) New equipment cabinet on steel platform at grade within new 35 sq. ft. lease area.
- (1) New GPS antenna mounted to the equipment cabinet.

The proposed install will require a site tech to visit no more than 1x per month. Sprint removed all their equipment from the site in June of 2021 and will no longer be needing be making trips to the site. Once telecom sites are established all carriers essentially visit their sites a max of 1x per month. Although there will be the need for Dish personnel to visit the site, there will be no increased visits. Dish's install will not adversely impact the adjacent properties and will not affect any of the existing drainage patterns.

Conformance with 5.1.19 CMRS Facilities –

5.1.19.B.2

1. The DISH Wireless facility will comply with all Federal radio frequency standards and all current Federal Communication Commission's (FCC) guidelines, specifically OET Bulletin 65 for cumulative measurements of radio frequency power densities and electromagnetic fields.
2. The DISH Wireless telecommunication facility will comply at all times with current FCC regulations prohibiting localized interference with reception of television, radio, telephone, public safety and other telecommunication services.
3. The proposed DISH Wireless telecommunication facility will not interfere with any public safety frequencies servicing the city and its residents. Specifically, said facility will not interfere with any municipal radio or wireless data communications equipment that is operating in the 800 Hz frequency band. All new Wave base station radios meet or exceed FCC regulations.
4. The DISH facility will operate at the following FCC licensed frequencies.
722 - 728 MHz
2180 - 2200 MHz
1995 - 2020 MHz
1915- 1920 MHz
617-622 MHz
663-668 MHz

5.1.19.B.3

In the event that the wireless equipment is no longer unitized or is abandoned for a period of (6) consecutive months, Dish Wireless will remove equipment at their sole cost.

Removal affidavit provided by Dish Wireless.

5.1.19.B.6

The first proposed CMRS facility by a provider shall include a detailed inventory of all the provider's existing and approved facilities in the County, including those facilities which will connect into the proposed CMRS.

Inventory list provided by Dish Wireless.
