**Re: Wastewater Commitment Existing Wastewater Service at 10610 Maltese Point**

Dear Mr. Smith:

Woodmen Hills Metropolitan District currently provides wastewater service for all areas within Falcon Highlands Metropolitan District including the existing facility at 10610 Maltese Point. We have reviewed and are aware of proposed interior finish changes to the facility. No increase in the existing tap size is required.

This is an existing service, and Woodmen Hills Metropolitan District hereby commits to providing continued wastewater services to the existing facility at 10610 Maltese Point on the existing Lot 1, Rolling Thunder Business Park. The estimated average wastewater use is which is 340 gallons per day.

If you have any questions, please do not hesitate to call.

Sincerely,

**Woodmen Hills Metropolitan District**

Jerry Jacobson, District Manager
