#### Background Information:

This is a request for endorsement by N.E.S., Inc. on behalf of Cygnet Land, LLC, for approval of Overlook at Powers and Grinnell Filing No. 1 Final Plat. Zoned RM-30 for multi-family residential housing, the project site is located immediately southeast of the intersection of Grinnell Boulevard and Powers Boulevard and will feature 10 apartment buildings and one clubhouse with 318 residential apartment units.

The 2022 El Paso County Parks Master Plan shows no impacts to proposed or existing parks, trails, or open space. Located immediately west of the project site, the proposed Grinnell Boulevard Secondary Regional Trail runs north-south along the west side of Grinnell Boulevard from Powers Boulevard/State Highway 21 to Bradley Road, where it crosses to the east side of Grinnell Boulevard and turns south to Fontaine Boulevard. El Paso County's Widefield Community Park is located approximately 1.9 miles south of the property.

Nearby communities and neighborhoods offer parks and open spaces managed by other governmental agencies. These include the City of Colorado Springs' Bluestem Prairie Open Space located approximately 1 mile east of the site on Goldfield Drive, while their Sky View Sports Complex is located 1.5 miles north. Widefield District 3 Park and Recreation's Windmill Mesa Park, Pi-Ute Park, and Widefield Community Center/Destination Park/Sports Complex are located approximately 0.5 and 1 miles to the west and southwest, respectively. While all of these aforementioned recreational facilities are available for all residents of the Fountain Valley, none are located within walking distance of the project site, except for the passive-use singletrack trail network at Bluestem Prairie Open Space.

The applicant's Letter of Intent states incorrectly that a neighborhood park facility exists immediately east of the project site on Cudahy Drive. This 4.4-acre site is owned by Waterview I Metropolitan District and is occupied by a large stormwater detention facility, which occupies approximately 2.5-3 acres of the parcel. Although outside of the scope and purview of this Final Plat application, Waterview I Metropolitan District is encouraged to develop the northern portion of the stormwater detention lot into a small (1 to 1.5 acre) neighborhood park to afford the residents of both neighboring Painted Sky at Waterview and the Outlook at Powers and Grinnell apartment complex a publicly accessible outdoor recreational facility.

Site Development Plans, Landscape Plans, and Floor Plans included with the Final Plat application show a clubhouse with adult-oriented amenities such as pool and spa, fitness room, bocce ball court, and firepit, presumably for private use by the residents of the apartment

complex itself. However, the plans do not show outdoor recreational facilities, such as a playground, multi-use lawn area, picnic area, or climbing structures that may be suitable for families of young residents of the apartment complex. The applicant is highly encouraged to plan and develop outdoor active-use amenities, which would allow for a wide variety of recreational choices to users of all age groups and abilities. Alternatively, the applicant is also encouraged to work closely with Waterview I Metropolitan District to address the lack of easily accessible outdoor recreation facilities within close vicinity of the proposed apartment complex.

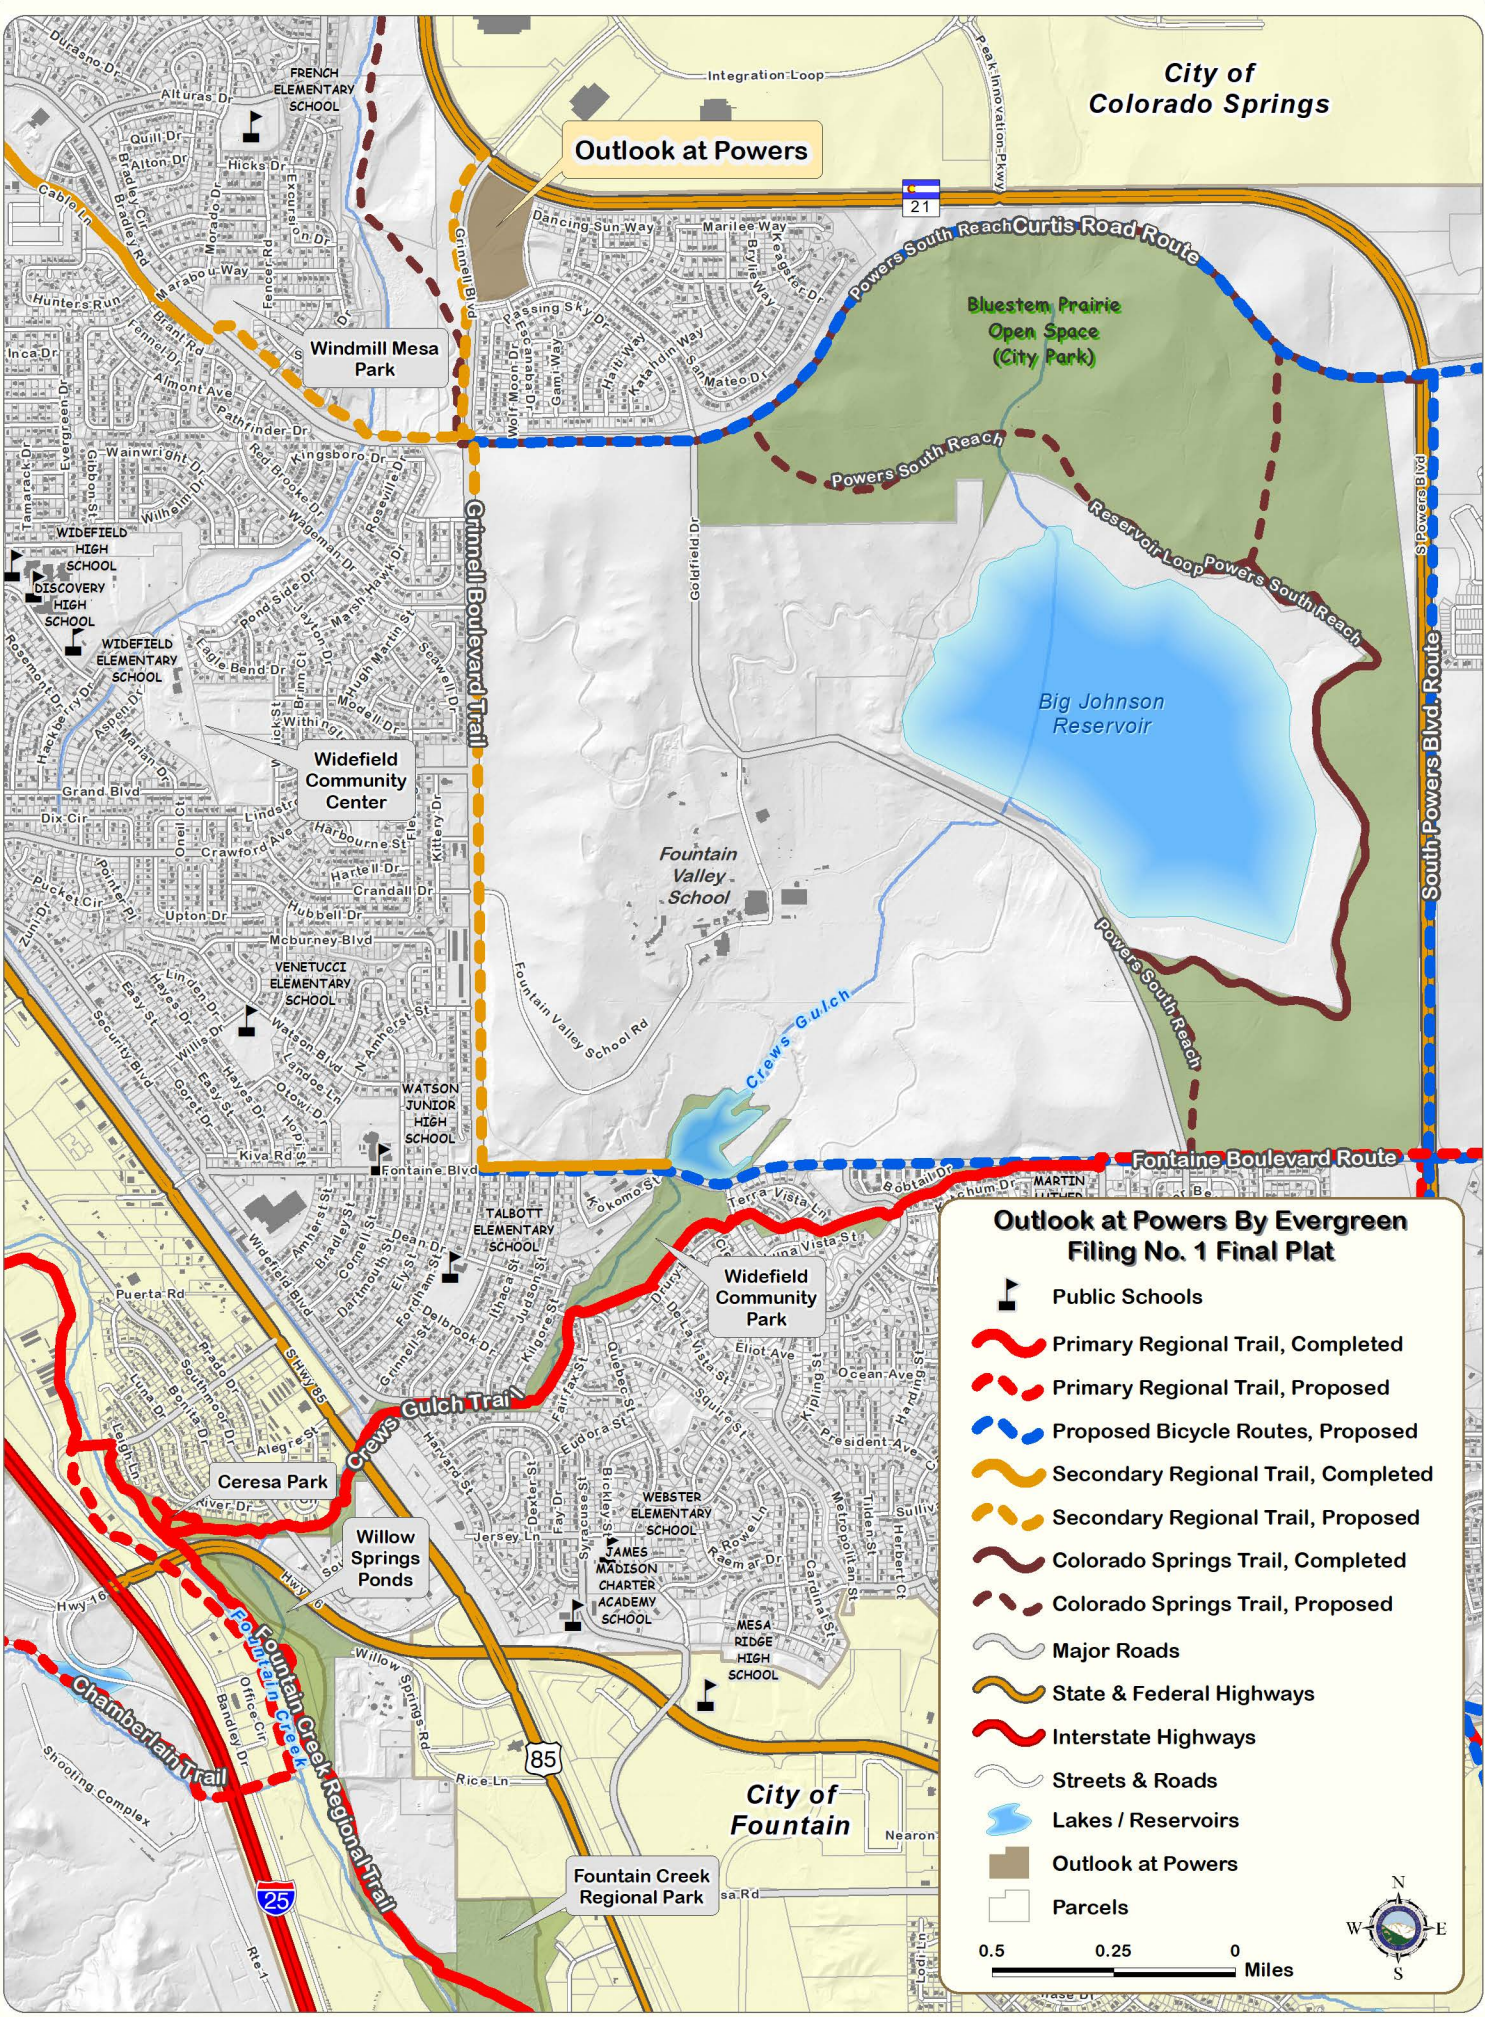

As no park land or trail easement dedications are recommended for this application, El Paso County Parks staff recommends regional and urban park fees in lieu of land dedication.

**Recommended Motion (Filing No. 1 Final Plat):**

The Park Advisory Board recommends that the Planning Commission and the Board of County Commissioners include the following conditions when considering and/or approving the Overlook at Powers and Grinnell Filing No. 1 Final Plat: (1) recommend the applicant explore a wide variety of active-use outdoor amenities to strengthen recreational opportunities for residents of all ages and abilities; (2) fees in lieu of land dedication for regional park purposes in the amount of \$160,590 and urban park purposes in the amount of \$96,354 will be required at time of the recording of this Final Plat.
