

# ENG-SP18004-R4-PDRFDR-redlines.pdf Markup Summary

---

6 (1)

---

submit additional drawings that contain revised design details related to proposed  
and both facilities. All proposed culverts have been designed for the 100yr  
return period. All culverts have been designed to handle the proposed flow  
conditions specified on the sheet. The proposed plans and elevations are shown  
as follows. All proposed items have been included in the public notice. The  
plans will be public with a copy of the plans and elevations to be provided to the  
interested parties within 30 days of the date of the notice. All proposed  
drawings will be issued and coordinated by the user.

Discuss further.
