**17625 Person Drive, AL-24-11**

**Please accept the following comments from El Paso County Public Health for the project referenced above:**

- **The property has an existing onsite wastewater treatment system (OWTS) that was permitted and installed for a 4-bedroom house in 1985. The soil treatment area (STA) for the existing house must be located and protected from compaction associated with the construction of the proposed 14,000 sq.ft. structure.**
- **If an OWTS is planned for the structure, then a New OWTS Permit is required.**
