**Subject: Space Village Rd Minor Subdivision (MS227)**

Matthew,

The Community Services Department has reviewed the Space Village Road Minor Subdivision application and is providing the following comments on behalf of El Paso County Parks.

This is a request by Hampton Partners. The applicant is requesting approval for Space Village Rd Minor Subdivision. The property is located at 0 Space Village Avenue. The subject property is 22.8 acres and is zoned I-3 CAD-O, Heavy Industrial with Commercial Airport Overlay District.

There are no proposed changes to zoning or use as the two lots will remain as outdoor storage with no buildings or structures planned. The site is an undeveloped lot consisting of outdoor storage use. Landscaping for screening will be provided when improvements are proposed and specified as part of. It is anticipated that screening will be required along Space Village and western boundary in conformance with the El Paso County land development code.

The El Paso County Parks Master Plan identifies the proposed Highway 94 Primary Regional Trail running east and west along Highway 94. This proposed trail would not impact the minor subdivision because it terminates ½ mile to the north east. The Parks Master Plan does not show any other regional trail connections in the immediate vicinity of this project.

No regional park fees are recommended, as the Board of County Commissioners has elected to not require park fees for commercial subdivisions. These comments are being provided administratively, as this application does not require Park Advisory Board consideration.

**Recommended Motion:**

Recommend that the Planning Commission and the Board of County Commissioners include the following conditions when considering and/or approving the Space Village Minor Subdivision: (1) No regional park fees are recommended, as the Board of County Commissioners has elected to not require park fees for commercial subdivisions.

Sincerely,
