Re: Approval - Closure Report
Don's Garden Shop
6001 E Platte Avenue
Colorado Springs, CO 80915
El Paso County - ELP11

Dear Mr. Beggs,

On July 21, 2026, the Colorado Department of Public Health and Environment Hazardous Materials and Waste Management Division (Division) received a closure report (Report) for Dons's Garden Shop (Facility) located at 6001 E Platte Avenue, Colorado Springs, 80915. This purpose of this Report is to document how the Facility completed the requirements of its approved closure plan, which was approved in the Facility's 2001 Engineering Design and Operations Plan (EDOP).

The Division has reviewed the Report to determine it's compliance with 6 CCR 1007-2 Part 1, and the Facility's approved Closure Plan. Based on this review, the Division approves the closure of Don's Garden Shop. As per the approved EDOP, no post-closure care will be required. Therefore, this Facility will be considered closed, and is no longer considered a solid waste site and facility that is able to accept and manage solid waste as of the date of this letter.

Please note that this determination does not preclude separate review action by El Paso County.

If you should have any questions regarding this correspondence, please feel free to contact Jace Driver at (303) 691-4059 or jace.driver@state.co.us.

Sincerely,

Jace Driver
