**Subject:** Fwd: Electronic Storage - NJ Water Impoundment Structure Form Submittal  
**Attachments:** 197100 CO NJ Water Impoundment Structure Notice (signed).pdf

Hi Doug,

Please see the attached NOI for a stormwater pond in Colorado Springs. Please let John Hunyadi know if you see any issues with this as you process it.

Dane,

We process these through the local water commissioner (Doug Hollister) and dam safety engineer (John Hunyadi), and then to the Division engineer, in this case Division 2 in Pueblo. If you have any questions, those are the folks to be asking.

Best of luck with your project.

Take Care,  
Bill

Hi Bill,

This just came through permitsonline. Let me know if there's anything else you need from me. Thanks!

Check status of permit applications / updates to well permits at: <https://dwr.state.co.us/tools/WellPermits>

Please see the attached Non-Jurisdictional Water Impoundment Structure form for the Electronic Storage extended detention basin. Please send a confirmation of receipt.

Please contact me if you have any questions.

Thank you,

Dane Frank
