**21910 Enoch Road Kennel, AL-18-029**

Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- A record of an approved, permitted on-site wastewater treatment system (OWTS) for this property indicates the OWTS was installed and approved for a 3 bedroom residence in 2000. The OWTS component locations are on file at El Paso County Public Health and accessible through the El Paso County Assessor's Office website property search page. Please make sure the components of the OWTS are protected from vehicular traffic and other means of compaction.
- The kennel operation is proposed to be located inside the existing residence connected to the approved OWTS located to the north of the house/kennel. Based on the floor plan no one will be living in the residence turned kennel.
- El Paso County Public Health recommends storing animal food in impervious containers with lids in an effort to minimize rodents and insects.
- Animal waste should be managed properly to help control odors and minimize flies and other insects.
