easements of record. For information regarding easements, rights of way, Alessi and Associates, Inc. relied upon the Title Policy prepared by Land Title Guarantee Company of Colorado, File Number SC55074893-2, dated

2... "The property owner, its successors and assigns, and all future lot owners in this development are hereby on notice that they may be required to comply with applicable rules, if any, of the Colorado Ground Water Commission and/or the Upper Black Squirrel Creek Ground Water Management District, which compliance may result in a reduction of well withdrawl limits, and thus a reduction in water availability.

1... This survey does not constitute a title search by Alessi and Associates, Inc., to determine ownership or

3.. Basis of Bearings. A line beginning at the Northwest corner of Lot 1, The Trails Filing No. 3 as recorded in the Office of the El Paso County Clerk and Recorder, under Reception Number 201014176, dated February 5, 2001, said corner being monumented by a #4 rebar with a white cap, LS 9646 and terminating at the Southwest corner of said Lot 1, point being a #4 rebar with a white cap, LS 9646 with a bearing of S00°00'53"E, a distance of 595.00 feet.

4... On site Wastewater treatment systems (OWTS) are the responsibility of each individual property owner. The El Paso County Health Department must approve each system prior to permit approval. All septic systems must be engineered systems due to shallow bedrock as stated by GeoQuest, May 27, 2020.

the State Engineer who by law has the authority to set conditions for the issuance of these permits. 6... Water in the Denver Basin Aquifers is allocated based on a 100-year aquifer life; however, for El Paso County planning purposes, water in the Denver Basin Aquifers is elevated based on a 300-year aquifer life. Applicants, the Home Owners Association, and all future owners in the subdivision should be aware that the economic life of a water supply based on wells in a given Denver Basin Aquifer may be less than either the 100 years of 300 years indicated due to anticipated water level declines. Furthermore, the water supply plan should not rely solely upon non-renewable aguifers. Alternative renewable water resources should be acquired and incorporated in a permanent water supply plan that provides future generations with a water supply.

placed in drainage easements.

9... Mailboxes shall be installed in accordance with all El Paso County Department of Public Works and United

10... Developer shall comply with federal and state laws, regulations, ordinances, review and permit requirements, and other agency requirements, if any, of applicable agencies including, but not limited to, the Colorado Department of Wildlife, Colorado Department of Transportaion, U.S. Army Corps of Engineers, the U.S. Fish & Wildlife Service regarding the Endangered Species Act, particularly as it relates to the Preble's Meadow Jumping Mouse as a listed threatened species

11.. The following reports have been submitted and are on file at the Planning and Community Development Department: Site specific Soils Report for Lot 1 by Goequest, LLC dated May 27, 2020, Soils and Geology Study by RMG dated August 2, 2021, and Wastewater Study by RMG dated July 24, 2021. Note: An underdrain system for the subdivision is not proposed. 12... All structural foundations shall be located and designed by a Professional Engineer, currently registered in the

State of Colorado. May include engineered drain systems to mitigate high groundwater conditions. Natural drainage locations shall be avoided by construction and site-specific foundation/septic investigations shall be required. May iclude engineered drain systems to mitigate high groundwater conditions. As noted in the site specific Soils Report for Lot 1, prepared by Geoquest, LLC dated May 27, 2020. Seasonally shallow groundwater was encountered at the time of drilling on May 12, 2020. Geoquest, LLC recommends, "the excavation of foundation components must not penetrate more than 5 feet". The foundation is to rest directly on undisturbed material and be designed for a loading of not greater than 1,500 pounds per square foot. Any design by any engineer is subject to revision based on the result of the open hole observation". The OWTS Study by RMG, dated July 24, 2021 addresses Lot 1 and Lot 2. There are no additional hazards on Lot 1 or Lot 2 that cannot be mitigated with appropriate planning, engineering and local construction practices. Basements are not allowed in this subdivision due to shallow groundwater unless groundwater monitoring (through annual seasonal fluctuations) prior to construction.

15... Property within this subdivision is subject to the terms and provisions of the El Paso County Road Impact Fee Program (Resolution 19-471) and any subsequent admendments. Fees for each lot within this subdivision shall be

drainage culverts from Halleluiah Trail per Land Development Code Section 6.3.3C.2 and 6.3.3.C.3. Due to their length, some of the driveways will need to be specifically approved by the Falcon Fire Protection District.

Know All Men By These Presents:

That the undersigned, Gilbert Perry Mose Jr. and Jeanette Marie Mose, being the owner of the following described To Wit:

A tract of land located in Section 8, Township 12 South, Range 64 West of the 6th P.M., El Paso County, State of Colorado, more particularly described as follows: Commencing at the Southeast Corner of Lot 60 of the Trails Filing No. 1 as platted in Plat Book Y-3 at Page 13 of the records of said El Paso County; thence N89°30'00"W a distance of 158.00 feet; thence S00°30'00"W a distance of 60.00 feet to a point on the Southerly right of way line of Halleluiah Trail; thence S89°30'00"E along the Southerly right of way line of Halleluiah Trail, a distance of 1089.99 feet to the true Point of Beginning of this description; thence S89°30'00"E continuing along the Southerly right of way line of Halleluiah Trail, a distance of 529.96 feet; thence S00°30'00"W a distance of 595.00 feet; thence N70°21'10"W a distance of 561.00 feet; thence N00°30'00"E a distance of 411.00 feet to the true Point of Beginning of the description. (Bearings are based on the Southwesterly line of Lots 4, 5, & 6, a replat of Lots 42 through 48 inclusive in Latigo County Estates Filing No. II, as platted in Plat Book G-3 at Page 1 of the recordes of El Paso County, Colorado, which is assumed to bear N21°08'47"W from an angle point on the West side of said Lot 6 (#5 rebar, no cap) to the Westerly Northwest corner of said Lot 4 (#5 rebar, no cap))

Dedication:

The above owner, having caused said tract of land to be platted into a lots and easements as shown on the plat, which subdivision shall be entitled "JEANETTE MOSE SUBDIVISION", a subdivision in El Paso County, Colorado. All easements platted are hereby dedicated to public use and said owner does hereby agree that proper drainage provided at the owner's expense and all to the satisfaction of the Board of County Commissioners of El Paso County, Colorado.
