## GENERAL NOTES:

1. The Winsome Preliminary Plan (SP-18-008) was approved by the El Paso County Board of County Commissioners on July 9, 2019. This amendment proposes the addition of (3) 5-acre lots in Filing 3. The additional lots would be created by dividing (2) 10-acre lots into (4) 5-acre lots (lots 10-14), and adding a 7.58-acre lot (lot 29) into the Tract C open space.
2. Floodplain Statement: Portions of the site adjacent to the West Kiowa Creek are mapped within Zone A of the FEMA Floodplain Map No. 08041CO350G, dated December 7, 2018. Zone A indicates that Base Flood Elevations have not been determined. The floodplain boundary depicted on the Preliminary Plan is conceptual only and subject to verification by FEMA through the CLOMR/LOMR process.
3. The following lots have been found to be impacted by geologic hazards. Mitigation measures and a map of the hazard area can be found in the Preliminary Soils, Geology, Geologic Hazard and Wastewater Study prepared by Entech Engineering Inc., dated October 2, 2018, revised January 11, 2019, and is held in the Winsome Preliminary Plan File (SP-18-008) at the El Paso County Planning and Community Development Department.
  - Downslope Creep: Filing 3 lots 7, 8, 10, and 11.
  - Artificial Fill: Filing 2 lots 59, 60, 62
  - Potentially Unstable Slopes: Filing 3 lots 31, and 32.
  - Potentially Seasonally High Groundwater: Filing 1 lots 1, 5, 14, 24-26, 45, 47; Filing 2 lots 7-16, 22-26, 30, 37-40, and 46; Filing 3 lots 1-6, 9-14, 22, 24-25, 27, 28, 29-38.
  - Expansive Soils were encountered in a number of the test borings and pits. Occurrences of expansive soils are typically sporadic; therefore, none have been indicated on the maps. These occurrences should be identified and mitigated on an individual basis.
4. If engineered foundations are required to address geological hazards, an engineered site plan will be required.
5. A Metropolitan District will be established to provide bonding for the public improvements, and for the ongoing ownership and maintenance of open space tracts, detention ponds, trails, and cross-lot drainage easements. The Metropolitan District or a Home Owners association will be responsible for enforcement of the Covenants, Conditions, and Restrictions (CC&Rs) for the Winsome subdivision.
6. The CC&Rs for Winsome will address use and maintenance of common areas, permitted and accessory uses, architectural standards for principal and accessory structures (including the commercial buildings), use and maintenance of easements within lots and common areas, external storage and parking, lot fencing, and landscaping standards that address fire-wise criteria and encourage water conservation. The CC&Rs will be filed with the first Final Plat recording for the Winsome subdivision.
7. Unless otherwise restricted by the CC&Rs, all accessory uses, buildings and structures must comply with requirements set out in Chapter 5 of the El Paso County Land Development Code.
8. Trails within the open space will be constructed as 5-foot breeze trails, and 15' where detention pond access is provided. All trails within the open space will be open for public use.
9. All streets will be constructed to El Paso County Standards and will be dedicated to the County with the Final Plats.
10. A Deviation Request has been submitted concurrently with the Preliminary Plan for reduced intersection spacing on Hodgen Road to provide adequate access to the commercial lot.
11. Hodgen Road and Meridian Road are classified as 2-lane rural minor arterials on the 2040 Major Transportation Corridors Plan (MTCPP). Additional right-of-way dedication for the required 100-foot right-of-way is identified on the Preliminary Plan. An additional 40-foot of right-of-way is preserved on Hodgen Road for potential future widening to a 180-foot 4-lane minor arterial by 2060.
12. The identified acreage of the lots along the southern boundary includes the preserved 40-foot right-of-way referred to in note 10.
13. As requested by the Black Forest Fire Departments, a 30,000-gallon cistern will be provided on the property in the location identified on the Preliminary Plan. The cistern will be owned and maintained by the Fire Department, who will also be responsible for filling the cistern.
14. The Preliminary Plan identifies general locations for "no build" easements within the lots that are impacted by wetlands, geologic hazards, or are required for drainage. These areas will be defined more precisely in future Final Plats. The easements will restrict building of principal and accessory structures, and the storage of materials.
15. Purchases of lots within this subdivision are hereby alerted that these lots contain stormwater conveyance paths. Said purchasers acknowledge acceptance of these flows onto and through these lots. The purchaser shall be responsible for maintaining these paths and for providing measures to eliminate erosion, if it should occur.
16. Shared/common access easements are identified to provide access to lots that do not have a frontage to a public street.
17. There shall be no direct lot access to Hodgen Road and Meridian Road.
18. Typical lot utility easements shall be (15) foot front, and (10) foot side and rear. In addition a (20) foot front exterior subdivision utility easement shall be provided.
19. Utilities will be provided as follows:
  - Electric - Mountain View Electric Association
  - Gas - Black Hills Energy
  - Water - On-site domestic wells
  - Wastewater - On-site wastewater treatment system
20. Full Spectrum detention will be required for the commercial lot. This will be fully analyzed with the commercial lot site development plan.
21. The following reports have been submitted in association with the Preliminary Plan for this subdivision and are on file at the County Planning and Community Development Department: Transportation Impact Study; Drainage Report; Water Resources Report; Wastewater Disposal Report; Geology and Soils Report; Fire Protection Report; Wildfire Hazard Report; and Natural Features, Noxious Weeds, Wetlands Report.
