**Belveal Extended Family Housing, AL-18-016**

Please accept the following comments from El Paso County Public Health for the special use project referenced above:

- Water service for both dwellings on the lot is provided by an existing individual private well.
- Wastewater service for the second dwelling is provided by an onsite wastewater treatment system (OWTS) installed in 1988 per VA-87-14, Resolution 87-350, and Land Use-148. The OWTS permit for the original dwelling could not be located at El Paso County Public Health. It is recommended that gravity fed OWTS's be inspected by an OWTS professional at least every 4 years.
- No public health issues noted with the approval of this request.
