

Community Meeting Summary Plan

Pike Solar Project

Pike Solar LLC, worked to coordinate both an informational website and a Community Meeting to engage with the public on the project. The website for the Project has been established at <http://juwicolorado.com/pikesolar/>. This is being updated as new information about our project is prepared. In addition, the Applicant also held a virtual zoom community meeting on January 13, 2021 at 6 p.m. in effort to address the public's concerns. A quarter page ad for the meeting was published in the El Paso County Advertiser and Fountain Valley Newspaper for five weeks including December 9th, 16th, 23rd, 30th of 2020 and January 13, 2021. There was no attendance from the general public and no concerns raised in this meeting. The call lasted for forty-five minutes and the website has a follow up portal in which community members may submit questions or comments at any time.
