Sorry yes they are. I am sorry for the confusion. I am the owners rep trying to help Donna through this. According to the contract with Vertex and Valens, Vertex isn't responsible for providing the Sign Plan and the Lighting Plan. So to avoid delays and mistakes, reached out for help.

Magi,

I am a little confused is vertex still the consultant on the project? I am also receiving emails from them so I want to verify who I should be communicating with.

Thank you. Would you be open to reviewing these docs prior to us submitting them to make sure we are doing this correctly? Should be pretty quick.

Magi

I would assume the exterior lights on the modular are not commercial grade? If that is the case I would state that there will be no commercial lighting on the sight.
