Subject: FW: Agricultural Structure

Approval or denial needed for an alternative design for a barn @ 4605 Windmill Flats Ct (RR-5, 5.05 acres). The AG exemption has already been approved. The property owner misunderstood what an overhang was so she only has 3 of the required 4 designs (appropriate sized doors, exterior stalls, and appropriate siding for weather exposure). An alternative design is now being proposed (see pictures below).

Thank you,

Mindy Madden

Mindy,

Thanks for checking in. Due to COVID the set up has been delayed and rescheduled 4 times already. Till today the barn has not been installed and I have not received a new install date.

Once the barn is installed I will send pictures as requested.

Tina,

Just checking in on the status of your barn. If the structure is complete and the use is active, please send me pictures of all side of the structure, and the use occurring inside. The pictures may suffice in lieu of an inspection.

Thank you,

Mindy Madden
