NOTES:

- This survey does not constitute a title search by Compass Surveying and Mapping, LLC to determine ownership or easements of record. For all information regarding easements, rights of way and title of record, Compass Surveying and Mapping, LLC relied upon a Title Insurance Policy issued by Land Title Guarantee Company, Policy No. OX55059993.2041564, dated May 1, 2017 at 5:00 P.M.
- The water supply for this subdivision will be delivered by the Cherokee Metropolitan District.
- Wastewater services for this subdivision are to be provided by the Cherokee Metropolitan District.
- All structural foundations shall be located and designed by a professional engineer, currently registered in the State of Colorado.
- All easements that are dedicated hereon for public utility purposes related to gas and electric shall be subject to those terms and conditions as specified in the instrument recorded at Reception Number 212112548 of the records of El Paso County, Colorado. All other easements or interests of record affecting any of the platted property depicted hereon shall not be affected and shall remain in full force and effect.
- The addresses exhibited on this plat are for informational purposes only. They are not the legal description and are subject to change.
- Prior to the establishment of any driveway onto a county road, an access permit must be granted by the El Paso County Planning and Community Development Department.
- Mailboxes shall be installed in accordance with all El Paso County Department of Transportation and United States Postal Service regulations.
- No man-made or non-man made obstructions shall be allowed to penetrate the 40:1 approach surface.
- All exterior lighting plans be approved by the Director of Aviation with Colorado Springs Municipal Airport to prevent a hazard to aircraft.
- No electromagnetic light, any physical emissions which may interfere with aircraft, aviation, communications or navigational aids shall be allowed.
- While not a requirement, a recommendation is made that a 25db reduction in interior noise (in the offices and or any inhabited work areas susceptible to aircraft noise) be obtained by soundproofing using FAA-recommended construction techniques and performed by a certified acoustical engineer. If a crane is to be used during the construction period, an FAA form 7460-1 will need to be filed through the airport operations office and approved by the Federal Aviation Administration before any building permit is issued by the city or county. Normal time required for approval is 30-60 working days.
