Planning and Community Development
2880 International Circle, Suite 110
Colorado Springs, CO 80910

Attn: Brad Walters, Inspections Supervisor

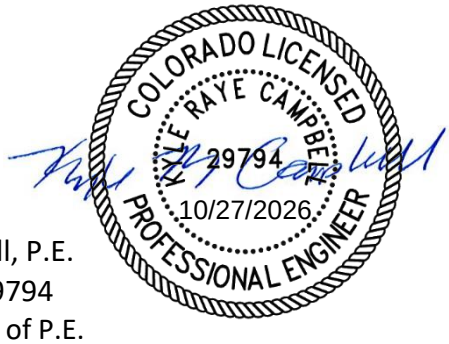

RE: **Rising Moon Filing No. 1**
Public Storm Improvement Certification

The public storm improvements for **Rising Moon Filing No. 1** consist of concrete culverts and RCP storm systems. The site and adjacent properties (as affected by work performed under the County permit) appear to be stable with respect to settlement and subsidence, revegetation or other ground cover and the improvements (public improvements, site grading and paving) meet or exceed the minimum design requirements.

On behalf of the developer and based on County inspections of the site, Classic Consulting hereby requests **Probationary Acceptance** of the referenced public and private storm improvements.

STATEMENT OF ENGINEER IN RESPONSIBLE CHARGE:

Based upon the information gathered during periodic site visits to the project during the construction and then after completion of construction of the storm improvements, to the best of my knowledge, information and belief, the referenced public and private storm improvements, prepared by Classic Consulting, have been constructed in general compliance with the approved design plans and specifications as filed with El Paso County.

RE: **Rising Moon Filing No. 1**
Public Street Improvement Certification

The public street improvements for **Rising Moon Filing No. 1** consist of curb & gutter, asphalt paving and signage. The site and adjacent properties appear to be stable with respect to settlement and subsidence, sloughing of cut and fill slopes, revegetation or other ground cover and the improvements (public improvements, site grading and paving) meet or exceed the minimum design requirements.

On behalf of the developer and based on County inspections of the site, Classic Consulting hereby requests **Probationary Acceptance** of the referenced public roadway improvements.

STATEMENT OF ENGINEER IN RESPONSIBLE CHARGE:

Based upon the information gathered during periodic site visits to the project during the construction and then after completion of construction of the street improvements, to the best of my knowledge, information and belief, the referenced public street improvements have been constructed in general compliance with the approved design plans and specifications as filed with El Paso County.
