Harrison, Beverly Amendment to Special Use, AL-20-11

Please accept the following comments from El Paso County Public Health for the amendment to the special use project referenced above:

- Water service for the proposed new cabin will likely be provided by an individual well.
- The proposed new cabin will require a new OWTS. The new OWTS must be approved and permitted by El Paso County Public Health as per the current OWTS Regulations. Note: The use of a seepage pit is the last option for consideration per the OWTS regulations. All minimum horizontal installation setbacks must be maintained for all OWTS components on this site.
