

## El Paso County Park Advisory Board

### Agenda Item Summary Form

**Agenda Item Title:** The Retreat at TimberRidge PUD Rezone/Development Plan

**Agenda Date:** May 10, 2017

**Agenda Item Number:**

**Presenter:** Ross Williams, Park Planner

**Information:** **Endorsement:** X

#### Background Information:

Request by N.E.S, Inc, on behalf of Arroya Investments, LLC, for approval of a PUD Development Plan to rezone 293 acres from the RR-5 zoning designation to PUD. As this is only a rezoning application, preliminary plans and final plats are forthcoming, at which time residential lots will be platted, and fees and trail easement dedications required. The property is located along Vollmer Road, at the intersection of Arroyo Lane. The project is located within the bounds of the Black Forest Preservation Plan.

The 2013 El Paso County Parks Master Plan shows two proposed regional trail connections and one proposed bicycle route impacted by the project. The proposed Sand Creek Regional Trail alignment traverses the central portion of the property, along Sand Creek, while the Arroyo Lane Primary Regional Trail traverses east-west across the property, along Arroyo Lane. Furthermore, the proposed Vollmer Road Bicycle Route runs north/south adjacent to the western property boundary. The far northern edge of the property is located within the Black Forest South Candidate Open Space, although the impact is minimal, as these areas, Tract A and B, are designated as open space or future residential.

Before submitting the PUD Rezone/Development Plan, the applicant met with El Paso County Parks staff to discuss the aforementioned trail corridors and other recreational opportunities planned within the proposed development. The applicant's Letter of Intent states the following:

*“Applicant has met with County Park Staff regarding parkland. Only trail dedication has been requested. Initial review has indicated that the proposed 3.6 acre neighborhood park will satisfy the urban park requirement.”*

Staff Note: During early meetings with the applicant, Staff indicated that regional and urban park fees are required unless the developer entered into a park lands agreement prior to the recording of the final plats. The County typically does not give credit for regional park fees unless regional park land is requested.

*“The Retreat at TimberRidge has been planned to have an internal focus on the Sand Creek Greenway and a 3.6 acre central neighborhood park with an additional focus on access to trails.”*

*“This is a recreation focused community. Recreational amenities, including neighborhood park and trails, are a significant part of the Plan.”*

Staff Note: El Paso County Parks encourages creation of the greenway. Its mission is to develop regional parks, but it encourages developers to provide urban park facilities and recreational amenities.

The PUD Development Plan shows the 3.6 acre neighborhood park in addition to the Arroyo Lane and Sand Creek Primary Regional Trail corridors. Both trail corridors conform to the El Paso County Parks Master Plan, Trails Master Plan. The Development Plan also shows 69.12 acres of open space, or 23.6% of the total project area, dedicated to open space, regional trails, water detention, landscaping, and the neighborhood park. This plan far exceeds the required 10% dedicated open space requirement for PUD Development Plans.

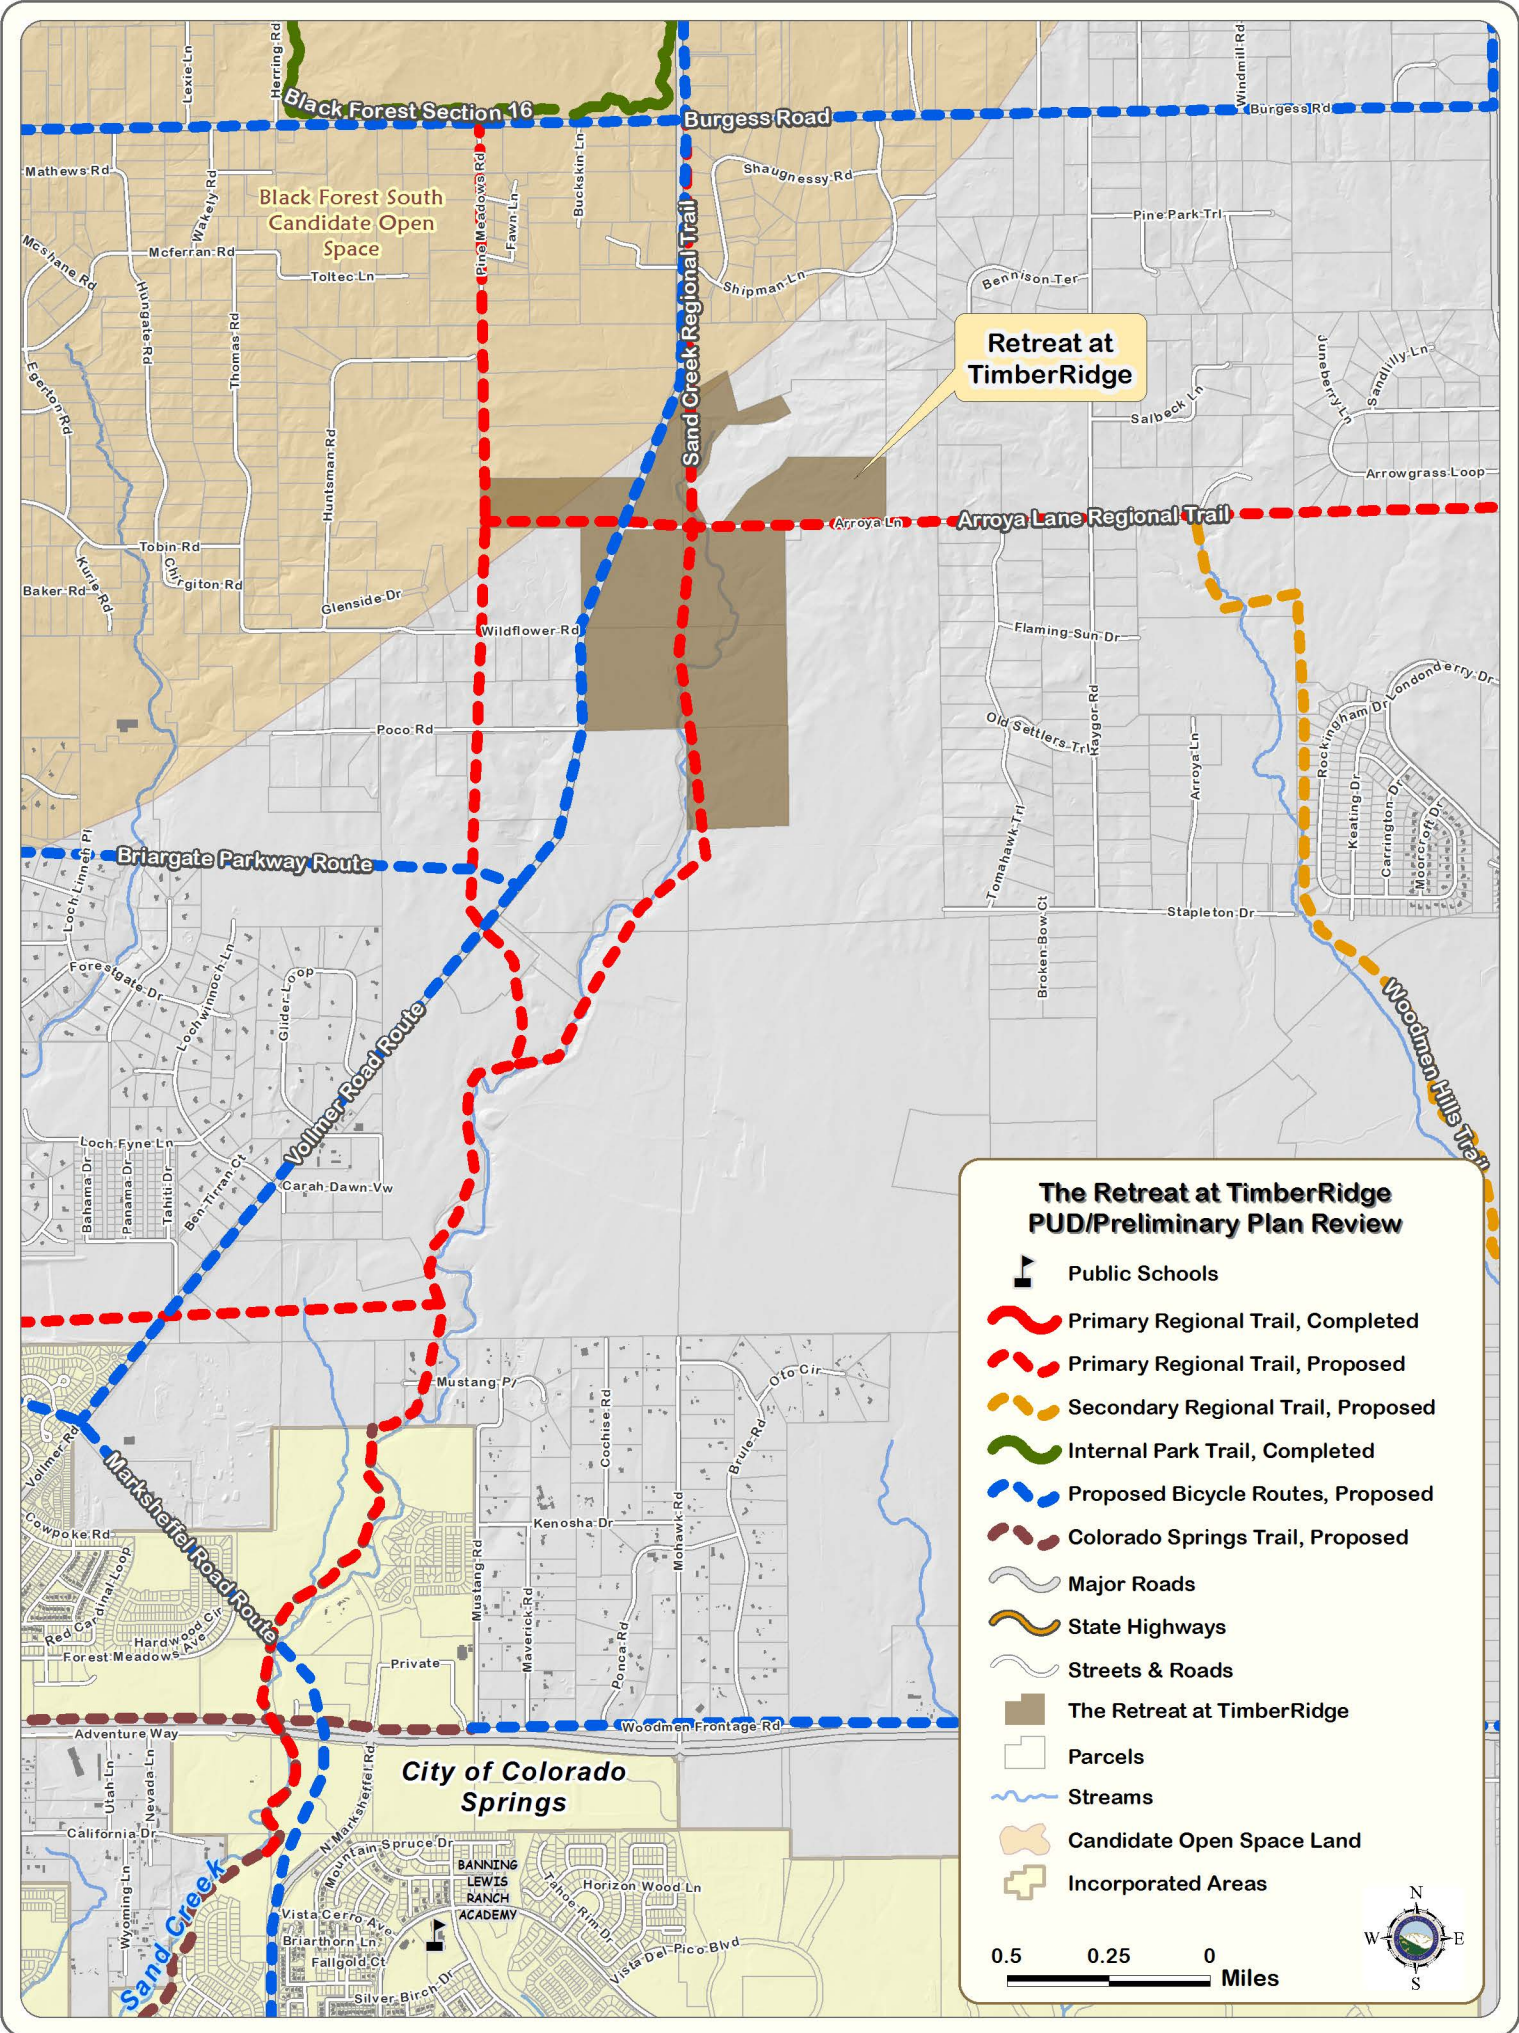

The PUD Development Plan includes a preliminary residential lot layout, to be developed over six phases, including a future phase that is described currently as open space and future residential. Residential lot sizes range from 5 acres (future phase) and 2.5 acres to 7,200 square feet, with lot sizes increasing in acreage from south to north to better blend the density in with the surrounding neighborhoods and following guidelines set forth in the Black Forest Preservation Plan.

Not including Tract A (29 acres, Open Space, Future Residential), The Retreat at TimberRidge covers 264 acres and has been preliminarily planned for 482 residential lots for a total density of 1.83 dwelling units per acre, based on the PUD Development Plan. Upon recording of forthcoming final plats, regional park fees in lieu of land dedication for regional park purposes in the amount of \$196,174 would be required, and urban park fees may be required if forthcoming final plats achieve the urban density threshold of 2.5 units per acre. The applicant could apply for an Urban Park Grant to help facilitate the construction of the 3.6 acre neighborhood park.

The PUD Development Plan shows 25-foot trail buffers along Sand Creek and Arroyo Lane. Parks staff recommends that all forthcoming preliminary plans and final plats show 25-foot trail easements within Tracts B, E, I, and J along the Sand Creek drainage, as well as the 25-foot trail easement along Arroyo Lane, and shall dedicate these 25-foot wide regional trail easements to the County for the County’s construction and maintenance of public multi-use trails on forthcoming final plats.

**Recommended Motion:**

Recommend to the Planning Commission and Board of County Commissioners that approval of the Retreat at TimberRidge PUD Rezone/Development Plan include the following conditions, to be implemented on all forthcoming preliminary plans and final plats: (1) provide to El Paso County 25-foot public trail easements along the Sand Creek Drainage and Arroyo Lane that allow for public access, as well as construction and maintenance by El Paso County of primary regional trails, and these easements shall be shown on forthcoming preliminary plans and final plats, and the aforementioned easements shall be dedicated to El Paso County on forthcoming final plats; and (2) require fees in lieu of land dedication for regional park purposes. The amount of \$196,174 was calculated for informational purposes and is based upon the preliminary lot layout and will be adjusted as preliminary plans and final plats are submitted.
