RE: Cave of the winds Cascading canopy

The owners of the Cave of the Winds recreational park intend to replace the existing walkway to the upper entrance of the cave with a concrete and steel "Cascading canopy system"

Drawings will be submitted upon request.

Mike Beaty, Owner/Managing partner

M Beaty Design & Build, llc.

#### Engineering Review 1.

In the letter of intent, please address the following:

- Drainage from the walkway and canopy will have no adverse affect on downstream properties or infrastructure.
- The proposed construction will not disturb more than 1 acre or 500 cubic yards.
