Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- **There are records of two approved, permitted on-site wastewater treatment systems (OWTS) for this property. The OWTS component locations are on file at El Paso County Public Health and accessible through the El Paso County Assessor's Office website property search page. Please make sure that components of the OWTS are protected from vehicular traffic, horses, and other means of compaction.**
- **Please reserve secondary sites for both systems on the property for the possibility of a repair, addition, or replacement of the existing soil treatment areas.**
- **Horse waste should be managed properly to help control nuisance odors, minimize flies and other insects. The waste removal plan submitted as a part of the Letter of Intent appears adequate.**
