Hi ShawNa,

I hope you are doing well! I wanted to let you know that we have completed the publication period and did not receive any statements of opposition. We are now waiting on the reports from the State and Division Engineers Offices called the Determination of Facts and the Consultation Report. These will let us know if the Division of Water Resources have any questions or concerns they would like us to address. I will send those along once we have received them.

Please let me know if you have any questions.

Thank you,

Emilie B. Polley
