

Operations Plan

Typical Day-

Employees: 20

Ready Mix Trucks: 15

Plant Start Time: 5:00 am

Employee Arrival Time: 5:00-7:00am (staggered arrival)

Employee Departure Time: 4:30-6:30pm (staggered departure)

Concrete Truck Deliveries: 55

Raw Material Deliveries: 35

*Peak Day-

Employees: 30

Ready Mix Trucks: 25

Plant Start Time: 5:00 am

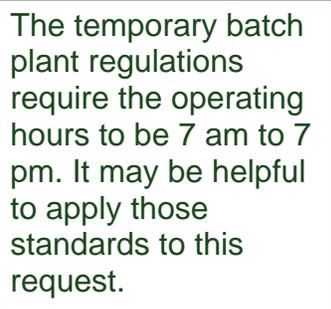

Employee Arrival Time: Start at 5:00am and staggered over the next 90-120 minutes

Employee Departure Time: Start at 4:30 PM and staggered over the next 90-120 minutes

Concrete Truck Deliveries: 118

Raw Material Deliveries: 74

*Peak days are typically the result of large infrastructure pours such as water storage or road paving. These pours can require have special requirements for operating hours due to daytime temperatures and access/traffic safety at the pour site.

The temporary batch plant regulations require the operating hours to be 7 am to 7 pm. It may be helpful to apply those standards to this request.
