MANLEY SUBDIVISION FILING NO.2  
PCD FILE NO. VR2310  
Project No. 99158

## LETTER OF INTENT

RE: Manley Subdivision Filing No. 2 APR 43220 05 002 & 43220 00 013

LDC, Inc. is representing the OWNER: Nancy Manley  
4645 N. Curtis Road  
Falcon, CO 80831  
Email c/o: dkupferer@ldc-inc.com

This is an application for approval of a Minor Subdivision. The property is 22.189 acres. The property is zoned RR-5, and two lots are proposed. Upon approval of the plat, this Subdivision will contain two lots, 1 of which will be 16.137 acres in size, the second lot will be 5.513 acres. Both lots contain an existing residence. The lots will not be listed for sale once the plat is approved.

We are asking for approval of a 2 lot Minor Subdivision. The property fronts on N. Curtis Road and Jones Road, both existing El Paso County roads. Water will be by individual wells, and septic systems will be constructed on each of the lots.

Review criteria for a minor subdivision is as follows:

This application meets the Minor Subdivision submittal requirements, the standards for Divisions of Land in Chapter 7, and the standards for Subdivisions in Chapter 8 of the El Paso County Land Development Code (2022). Minor Subdivisions are reviewed and approved in consideration of the review criteria found in the El Paso County Land Development Code. Each criteria is listed below followed by the appropriate justification.

1. *The subdivision is in conformance with the goals, objectives, and policies of the 2021 Master Plan. The Master Plan is comprised of several elements. "Develop and maintain rural residential areas in a manner which protects their integrity, addresses the carrying capacity of the natural environment and provides for an adequate level of non-urban facilities and services. The proposed Minor Subdivision will not create the need for additional roadways or public facilities. The site will remain rural residential and is surrounded by existing rural residential development on the north, south, east, and west sides.; This area of the County is conducive to rural residential development.; The proposed Minor Plat is in an area adjacent to rural residential development with RR-5 to the north, west, south and east.;*  
The existing community character is preserved with this Minor Plat. Density and land

use are compatible with the surrounding area and the natural features of the site will remain preserved, even with the addition of 1 more residential lot on the site.

The proposed Minor Subdivision is in compliance with the Parks Master Plan, which does not appear to call for trails or parks in the site vicinity. Any required Park Fees will be paid at the time of platting. The proposed subdivision is also in compliance with the 2040 Major Transportation Corridors Plan (MTCP) and Master Plan for Mineral Extraction as no separate mineral estate owners were found for the property and the existing development on surrounding properties is not compatible with any potential mineral extraction operations.

The proposed subdivision is in compliance with the El Paso County Water Master Plan (2018). The District Court, Water Division 2 Colorado, has decreed certain water rights and approved a plan for augmentation as necessary to allow use of the existing well and the drilling of a second well.

2. *The subdivision is in substantial conformance with the approved preliminary plan.*  
This is a proposed Minor Subdivision and requires no Preliminary Plan for Plat approval. The subdivision will be developed in accordance with the currently proposed land use applications.
3. *The subdivision is consistent with the subdivision design standards and regulations and meets all planning, engineering, and surveying requirements of the County for maps, data, surveys, analyses, studies, reports, plans, designs, documents, and other supporting materials.*  
The proposed Minor Subdivision Plat is prepared in accordance with applicable subdivision design standards. No public improvements are required for this subdivision.
4. *A sufficient water supply has been acquired in terms of quantity, quality, and dependability for the type of subdivision proposed, as determined in accordance with the standards set forth in the water supply standards [C.R.S. §30-28-133(6)(a)] and the requirements of Chapter 8 of this Code.*  
Water service is to be provided by individual on site wells operated under a State approved Water Augmentation Plan.
5. *A public sewage disposal system has been established and, if other methods of sewage disposal are proposed, the system complies with State and local laws and regulations, [C.R.S. §30-28- 133(6)(b)] and the requirements of Chapter 8 of this Code.*  
Waste water is intended to be treated via individual on site septic systems designed, constructed and operated under State and County Health Department rules and regulations and in accordance with the Water Decree.
6. *All areas of the proposed subdivision which may involve soil or topographical conditions presenting hazards or requiring special precautions have been identified and that the proposed subdivision is compatible with such conditions [C.R.S. §30-28-133(6)(c)].*  
A soils report has been prepared for the site and the owner will comply with the recommendations of the report.
7. *Adequate drainage improvements are proposed that comply with State Statute [C.R.S.*

§30-28- 133(3)(c)(VIII)] and the requirements of this Code and the ECM.

The proposed Minor Subdivision is consistent with the submitted Final Drainage Report. There are no public Drainage facilities needed or proposed with this development. The owner will comply with the requirements of the drainage report.

8. *Legal and physical access is provided to all parcels by public rights-of-way acceptable to the County in compliance with this Code and the ECM.*
9. *Necessary services, including police and fire protection, recreation, utilities, and transportation systems, are or will be made available to serve the proposed subdivision.*  
The site is located within the jurisdiction of the El Paso County Sheriff's Office. The Sheriff's office currently provides police protection for the site and surrounding area. This Minor Subdivision is located within the Falcon Fire Protection District which is providing fire protection for the site and has agreed to serve this subdivision. Water and sanitary sewer provisions are discussed in items 4 & 5 above. The property is located within the service areas of Mountain View Electric Association, Centurylink Telephone, and School District 49, which will serve the subdivision. Transportation is being facilitated by the existing adjacent roadway system.
10. *The Minor Subdivision plans provide evidence to show that the proposed methods for fire protection comply with Chapter 6 of this Code.*  
This Minor Subdivision is located within the Falcon Fire Protection District which is providing fire protection for the site and the surrounding area. The District has agreed to serve this subdivision. Building permits for each structure shall be in accordance with the requirements of the Fire District as administered by the Pikes Peak Regional Building Department.
11. *Off-site impacts were evaluated and related off-site improvements are roughly proportional and will mitigate the impacts of the subdivision in accordance with applicable requirements of Chapter 8.*
12. *Adequate public facilities or infrastructure, or cash-in-lieu, for impacts reasonably related to the proposed subdivision have been constructed or are financially guaranteed through the SIA so the impacts of the subdivision will be adequately mitigated.*  
There are no public facilities or infrastructure required or proposed for this subdivision. The platting of the site will include the collection of the applicable School Fees, Park Fees, Drainage Fees and Traffic Impact fees due for this project.
13. *The subdivision meets other applicable sections of Chapter 6 and 8.*  
The subdivision meets the requirements of the Land Development Code.
14. *The extraction of any known commercial mining deposit shall not be impeded by this subdivision [C.R.S. §§34-1-302(1), et seq.]. A search of the County Clerk and Recorder's records did not identify a separate mineral estates owner for this property.*

Unresolved:  
Please include a section addressing ECM Appendix B.1.2(D) criteria for having no traffic impact study required. ALL 7 conditions underneath vehicular traffic must be addressed. See insert to the right.

ing one additional single family lot, which according to the ECM, e need for a traffic impact study.

traffic does not adversely affect the traffic currently planned for and accommodated within, and adjacent to, the property; (5) acceptable LOS on the adjacent public roadways, accesses, and intersections will be maintained; (6) no roadway or intersection in the immediate vicinity has a history of safety or accident problems; and (7) there is no change of land use with access to a State Highway.

Thank you for your consideration of our re

- Pedestrian Traffic: Paved pedestrian facilities exist or will be constructed on, or adjacent to, the site; or, the proposed use will not generate any new pedestrian traffic.
- Bicycle Traffic: Paved bicycle lanes or paths exist or will be constructed on, or adjacent to, the site; or, the proposed use will not generate any new bicycle traffic.

Respectfully:

Daniel L. Kupferer, PLS
