Dear Mr. Kupferer:

As requested, personnel of Entech Engineering, Inc. (Entech) have reviewed the *Soil, Geology, and Geologic Hazard Study* with respect to the above referenced site. Personnel of Entech conducted a site visit on March 27, 2024, to confirm no significant changes have occurred to the site since the previous investigation referenced above. It is our opinion that the conclusions and recommendations in the above-referenced report remain valid and the report may be used for the proposed construction at the above referenced site.

We trust this has provided you with the information you required. If you have any questions or need additional information, please do not hesitate to contact us.

Respectfully Submitted,

ENTECH ENGINEERING, INC.
