Boy Scout Recreation Camp, PPR-20-11

Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- **There is a record of an approved, permitted on-site wastewater treatment system (OWTS) for this property indicates the OWTS was installed and approved in 2010. The OWTS component locations are available on the El Paso County Assessor's Office website and on file at El Paso County Public Health under Tax Schedule Number (TSN) 820000064.**
- **El Paso County Public Health recommends all components of the OWTS are located and protected from vehicular traffic, livestock and other means of compaction to help prolong the life of the system. A secondary site on the property must be preserved for the possibility of a repair, addition, or replacement of the existing soil treatment area. Fencing is preferred but other area identification methods accomplishing the same goal are approved.**
- **The seasonal use of portable toilets is approved for the site as noted in the Letter of Intent.**
- **Water is both hauled in daily or brought in on their own by volunteers/campers. The hauled water is from The City of Woodland Park which is an approved water source.**
- **Food and cooking equipment are brought in by each camping group. There isn't a central kitchen where meals are prepared for campers and volunteers. A Food Service License is not required.**
