Dear Ms. Parsons,

I have received notification of future development in Lorson Ranch and would like to submit the attached documentation against the further development.

I will also mail a hard copy to your office.

Thank you for you time.

Best Regards,

Renee Flick

RE: SF-17-023

Dear Ms. Parsons,

I am writing in regards to the proposed development of Carriage Meadows North in the Lorson Ranch Community. I would like to express my *strict disagreement* with the development of this area.

As you can see from the attached map, posted on www.lorsonranch.com, the builders indicated that only one area bordering Marksheffel Road and Fontaine would be developed. This is a complete contradiction to what is currently happening, as the area south of Fontaine is under development now, and the area north is what is under final approval. Whether or not this is explicit public deception by Cradian and Lorson is not clear. However, as residents of the community, we relied on this public information when deciding whether or not to purchase a home in this community.

In addition, as you can also see on the website, the community offers miles of connecting trails. Already we have seen the elimination of trails in the neighborhood due to construction, and this proposed development will eliminate additional trails that are in frequent use by the residents of the community.

I understand that this land has been zoned for Planned Unit Development, but please consider the needs of the residents already in Lorson Ranch. We have been promised by many builders open space, hiking trails, and even a community center. However, as the building in the area continues, these amenities continue to disappear and the true value of the neighborhood, which interested us purchase here in the first place, is completely lost to more development and profit to be had by the builders.

The majority of the community is against further development in the Carriage Meadows North Area, however, many of them did not receive this notice and are unable to express their concerns.

Please contact me if you have any questions. Thank you for your consideration.

Best Regards,

Renee Flick, MD
