Re: LP filling Station
Rocky Top Campground
10090 US Highway 24
Green Mountain Falls, Colorado 80819

Dear Debra,

I inspected the LP filling station at the Rocky Top Campground on Friday May 29th. The LP filling station meets the minimum requirements of the Green Mountain Falls/Chipita Park Fire Protection District. I spoke with Mr. Nieman on site and he stated that he and his staff that operate the station have current training documentation. I asked that he send copies to your office.

Please contact me at your convenience if you need anything else.

Sincerely,

Steve Murphy
Chief
