Subject: Model Home Construction Forest Lakes Filing 6  
Date: November 15, 2021

Jim,

I am writing to acknowledge and allow two model homes to be constructed in Forest Lakes Filing 6 on Lots 38 and 59. These model homes will belong to Classic Homes and Vantage Homes. Occupancy of these model homes will not occur until the bridge's construction is completed in late Spring or Early Summer of 2022.

We are also allowing this to happen because the water systems are fully functional to this portion of filing 6.

Respectfully Submitted,

Jamey Bumgarner

Fire Marshal
