RE: Wastewater Commitment Letter for Falcon Highlands South Filing 1 Final Plat

Dear Mr. Byers,

The above mentioned filing plan for wastewater services is located in Falcon Highlands Metropolitan District (FHMD), which by inter-governmental agreement (IGA) is serviced by Woodmen Hills Metropolitan District (WHMD). Final Plat is calling for 24 single family homes (24 SFE's) for South Filing 1.

The above mentioned filing would produce 4,128 gallons per day of discharge. Sufficient capacity exists at the WHMD Water Reclamation Facility to provide service to the 24 homes.

If you have any questions, please don't hesitate to reach out to me.

Sincerely,

Walter Eaves

Wally Eaves, Wastewater Enterprise Director

Cc: John P. McGinn, District Engineer
