

Wildfire and Hazard Mitigation Plan

Must be provided for V2_ submittal.

This is a placeholder document for the Wildfire and Hazard Mitigation Plan requirements. Lake Flato Architects acknowledges the requirement to submit a Wildfire and Hazard Mitigation Plan and currently has an approved and licensed professional in-process to produce this document. Lake Flato expects to submit this document to the county by April 15th or earlier, but requests to start the review process for the rest of the SDP process.
