### **Space Village Road Outdoor Storage, PPR-23-3**

Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- The El Paso County Assessor's Office indicates the lot is within the Cherokee Metropolitan District; however, the Letter of Intent indicated there were no buildings or structures proposed on the site. El Paso County Public Health will approve connection to Cherokee Metropolitan District if water and wastewater services become necessary as this property is within their boundaries.
- Earthmoving activity in excess of one acre, but less than twenty-five acres, requires a local Construction Activity Permit from El Paso County Public Health. Go to <https://www.elpasocountyhealth.org/service/air-quality/construction-activity-application> for more information.
- The water quality basins must have mosquito control responsibilities included as a part of the construction design and maintenance plan to help control mosquito breeding habitat and minimize the potential for West Nile Virus.
